

QUICK-SLING

The safe & affordable install

Applicable for residential or light commercial installations

A Close Up:

Quick-Sling SPECS QSLD1001

Each arm attaches to wood using 2 zip screws for stability & a 4" through bolt & wing nut for security. Install to steel using steel beam adapters (sold separately).

Extension arms individually adjust in 1" increments using thumb screws & wing nuts for speed & versatility. Installs as high as 36" or as low as 54" on flat or pitched roofs.

28 points of anti-vibration isolation is provided utilizing four 50-durometer self-adhesive rubber pads & 24 rubber washers.

Our Quick-Sling is made of 14-gauge square, steel tubing which cuts down vibration and is able to hold up to 250 lbs.

Adjustable in 2 dimensions:
Height: 36" to 54"
Length: 30" to 48"
Fixed Width: 31 3/4"

32" secondary drain pan hangers are provided & install in seconds.

*Drain pan not included.

Quick-Sling provides you with a non-swinging, solid platform that is quick, safe, stable and affordable.
