

The safe & affordable install

Applicable for residential or light commercial installations

Mini Split "Thin" 1200 SPECS

A Close Up:

Each foot is slotted to receive 1/4"/20 hardware, which is provided to bolt to concrete, cement, wood, or plastic pad for security and stability.

Our 12" high Mini Split "thin" Stand fits all units on the market. See compatibility charts at www.quick-sling.com. All necessary hardware is provided.

Our Mini Split Stand is made of 14-gauge square, steel tubing, which is powder coated for outdoor use & able to hold up to 400 lbs.

4 points of anti-vibration isolation washers are provided while using four 50-derometer rubber pads on each foot.

Quick-Sling's Mini Split stand provides an elevated platform that is quick, safe, stable, and affordable.
