Bilge Boom

Sorbent Bilge Booms

 **Made in the USA**

- Booms are perfect for bilges, sump wells, fluid reservoirs, waste troughs, drainage ditches because they float on the water while soaking up hydrocarbons and many other types of liquids except water
- Oil Only Bilge Booms have an absorbent interior made of polypropylene that is packed inside a very durable sleeve and on both ends of the bilge booms are loops made of strong rope

Caution: Dispose of all sorbent material according to local, state and federal regulations.

Sorbent Bilge Booms
