

BROWNING...OFFERS THE LARGEST SELECTION OF V-BELTS IN THE UNIVERSE!

Browning is universally known for V-belt drives. In fact, nowhere else can you find such a complete range of V-belting — and the sheaves to run them — all in stock. Choose the type that's best for your application — classical, "358", Gearbelt®, Poly-V*, Gripnotch®, FHP.

B

And there's no problem with matched belt sizes either. Browning now offers the **CODE 1®** one match belt system on all classical and "358" belts, allowing easy selection with just one match number for each belt size. The **CODE 1** symbol on any Browning belt indicates matching tolerances tighter than RMA (Rubber Manufacturers Association) standards. Machine matching of belts is also available for critical match requirements.

Wherever you are in the universe — make Browning your first choice in V-belts, There's a Browning Distributor near you to give you prompt service and delivery.

* Poly-V is believed to be the trademark and/or trade name of Veyance Technologies, Inc., and is not owned or controlled by Regal Power Transmission Solutions.

- Precision Molded Raw Edge Construction
