

Flame Relay Provides Ignition and Flame Monitoring

Features:

- Flame Fail Light (red)
- Flame On Light (green)
- Plastic Housing
- Compact Size
- Micro Processor Based Ignition Control
- Ignition and flame monitoring for burner capacities less than 400,00 BTU/HR
- Trial for ignition = 10 secs

Part No. 407599 SHOWN

Part Number	Ignition Sensing Configuration	Input Voltage	Certification	Operating Temp
407590	Combined Electrode/Sensor	220VAC	CSA	-40°F to 185°F
407592	Separate Electrode & Sensor	220VAC	CSA	-40°F to 185°F
407599	Combined Electrode/Sensor	120VAC	CSA	-40°F to 185°F
407597	Separate Electrode & Sensor	120VAC	CSA	-40°F to 185°F
407595	Combined Electrode/Sensor	24VAC	CSA	-40°F to 185°F
407594	Separate Electrode & Sensor	24VAC	CSA	-40°F to 185°F
407598	Combined Electrode/Sensor	24VAC	CE	-40°F to 185°F
407596	Separate Electrode & Sensor	24VAC	CE	-40°F to 185°F
